0.8 MM
DECORATIVE LAMINATES

inspired by the *Infinite Sky*

Endless possibilities, shaped to perfection. Our surfaces blend innovation with elegance, bringing depth, durability, and design into every space you create.

Infinite by Design.
Refined by **Texture**.

Rising Through the Years

2015

The PVC Laminates Plant launched in Greater Noida, UP, with a capacity of 3 lakh sheets yearly.

2018

Production capacity expanded to 1 million sheets per annum.

2020

Decorative Laminates Plant was launched in Hapur, UP, with a 3 million sheet yearly capacity.

2022

The acrylic laminates plant was launched in Greater Noida, UP, with a 6 lakh sheets yearly capacity.

2024

In 2024, we launched Soffitto Panel, a modern ceiling panel offering durability, elegance, and easy installation.

2025

Grand opening of our first export warehouse in Dubai.

2026

In 2026, we launched MATTEVA, an innovative flexible acrylate sheet. It is the first in the industry to offer a 1.25 mm thickness, redefining material versatility and precision.

Established in 2015, **SKYDECOR** has been redefining decorative surfacing through innovation, advanced technology, and superior craftsmanship. With a vision to transform modern interiors, **SKYDECOR** has become a trusted name among architects, interior designers, channel partners, and homeowners who value quality, aesthetics, and reliability.

Backed by state-of-the-art manufacturing facilities in Greater Noida and Hapur, along with a strong PAN India presence, **SKYDECOR** delivers premium surfacing solutions for contemporary residential, commercial, and institutional spaces. Our focus on modern infrastructure, advanced production technology, and trend-driven designs enables us to create products that combine style, durability, safety, and long-term performance.

SKYDECOR offers a wide range of innovative decorative surfacing solutions, including 1mm+ Laminates, Acrylic Laminates, Soffitto Panels and FR Flexi Laminates designed to meet evolving architectural and interior design needs. Every product is crafted with precision and attention to detail, ensuring exceptional finish, functionality, and long-lasting quality while adhering to modern design trends and safety standards.

Driven by a commitment to innovation, excellence, and customer satisfaction, **SKYDECOR** continues to strengthen its presence across India and global markets. With a progressive vision and passion for quality, we create surfaces that elevate spaces with sophistication, purpose, and timeless style wherever they are installed globally.

A Global Journey

-  MALDIVES |  SRI LANKA |  NEPAL |  BANGLADESH |  BHUTAN |  PALESTINE

PRODUCT FEATURES

0.8 MM THICKNESS

Our laminates combine durability with refined aesthetics, offering superior resistance to daily wear while maintaining their rich texture and finish. Built for consistency and crafted for design versatility, they are made to enhance every space they become a part of.

100%

100% PHENOLIC BONDING

SUITABLE FOR INTERIOR USE

LONG LIFE

CARPENTER FRIENDLY

FULL THICKNESS

EASY TO CLEAN AND MAINTAIN

Edges That Endure, Style That Stays.

Our edge bands offer a seamless finish that perfectly complements premium architectural surfaces. These robust barriers provide superior resistance to moisture and daily wear, ensuring long-lasting structural integrity. With a diverse range of nature-inspired textures, they achieve a flawless match for any high-end project. Designed for effortless application, they deliver a refined look that elevates the quality of modern furniture.

OUR COLLECTION

A curated range of textures and finishes designed to bring depth, character, and sophistication to every surface. From natural inspirations to contemporary styles, each design is developed to meet evolving interior needs with timeless appearance.

WAYS TO KEEP LAMINATES LOOKING NEW FOREVER

Follow these simple steps to maintain the beauty and durability of your laminates:

- Clean the surface regularly using a soft, damp cloth.
- Use mild liquid soap or gentle cleaners for routine cleaning.
- Avoid abrasive scrubbers or harsh chemicals as they may damage the surface finish.
- Wipe spills immediately to prevent stains or moisture absorption.
- Do not place extremely hot objects directly on laminate surfaces.
- Keep laminates away from excessive moisture or prolonged water exposure.

HOW TO APPLY LAMINATES ON INTERIORS & FURNITURE

Ensure proper installation for long-lasting performance:

- Use a proper base substrate like plywood, MDF, or particle board.
- Make sure the surface is clean, smooth, and dust-free before application.
- Apply high-quality adhesive evenly on both laminate and substrate.
- Allow proper drying time before bonding the surfaces.
- Use uniform pressure while pressing to avoid air gaps or bubbles.
- Always use a balancing laminate on the backside for stability.
- Trim edges carefully and finish with edge banding if required.

WAYS TO PREVENT LAMINATES FROM DAMAGE OR DISCOLORATION

- Avoid direct and prolonged exposure to sunlight.
- Do not use low-quality adhesives that may cause surface issues.
- Keep laminates away from extreme heat and humidity.
- Avoid contact with strong chemicals, acids, or solvents.
- Ensure proper ventilation in the installation area.

HOW TO AVOID COMMON ISSUES (BUBBLES, WARPING, DELAMINATION)

- Ensure moisture-free substrate before installation.
- Apply adhesive evenly—avoid excess or insufficient application.
- Maintain proper pressing time and pressure during bonding.
- Avoid installation in high humidity conditions.
- Allow materials to acclimatize to room temperature before use.
- Use recommended adhesives for best bonding strength.

CUSTOMIZATION NOTE

- All laminate designs can be customized in various finishes like Gloss, Matte, Textured, and Suede to suit your interior needs.

∞ TECHNICAL SPECIFICATION

PROPERTIES	Specified Value as per IS:2046-1995 Type S, HGS	Skydecor Conforms
Thickness	0.8 mm (±0.05mm)	✓
Resistance to surface wear	>300 (revolution)	✓
Resistance to immersion in boiling water		✓
-Mass increase (%)	8 (Maximum)	✓
-Thickness increase (%)	10 (Maximum)	✓
Resistance to dry heat 180°C	Not worse than 4	✓
Dimensional stability at deviated temperature		✓
-Longitudinal (%)	0.5 (Maximum)	✓
-Transverse (%)	0.9 (Maximum)	✓
Resistance to impact by small diameter ball	17.5 N (Minimum)	✓
Resistance to cracking	Not worse than 4	✓
Resistance to scratching	2 N (Minimum)	✓
Resistance to staining	Not worse than 5	✓
Resistance to colour change (wood standards)		✓
-In Xenon arc light	Not worse than 6	✓
-In enclosed Carbon arc light	Not worse than 5	✓
Resistance to cigarette burns	Not worse than 3	✓
Resistance to steam	Not worse than 4	✓
Appearance	Should be free from foreign particles	✓

PRODUCT : Paper based decorative laminated sheet

SIZE : 2440 x 1220mm

THICKNESS : 0.8mm (±0.05mm)

MAINTENANCE : Clean with mild soap solutions of house hold detergent, abrasive cleaners should not be used. it is recommended for vertical use only. Avoid direct sunlight.

RESISTANCE : To surface wear, immersion in boiling water, dry heat, impact by small dia. Ball, cigarette burns, staining, scratches, color change in xenon light.

- Guaranteed Thickness.
- High Quality Back Sanding.
- The samples shown here are only indicative of the colour patterns and finishes available.
- Application images shown in the catalogue are for illustration purpose only, please refer to the actual product sample for colour & finish available.
- **Note** : Company warrants that all its products are free from manufacturing defects and perfectly fit for use under normal conditions. In case of any claims, the liability of the company is however limited to the cost of the product only.
